**APPRECIATION.
RE: HENRY. C. NJOKU**

I and my entire family hereby write to thank the proprietor, staff and Management of the above school for your help, care and above all sponsoring my son Henry C. Njoku.

To be candid, God have used you to fulfill my dream of sending my child to a private school like yours; which I am unable to do due to low income and problems surrounding my life and family.

Father, since almost two years now you gave my son scholarship in your school, I have been seeing a lot of positive changes in him both physical, morally, academically, spiritually, socially and otherwise, I am grateful to you. Father, well done, more grease to your elbow.

I promise continually to be appreciative to you who agreed and allowed to be used by God to solve/alleviate this grate problem which I and other parents whom you gave their children scholarship cannot afford.

I have neither gold nor silver; sincerely, I promise to be praying for God's protection, good health, progress and mercies for you, your staff and student,s,your benefactors and benefactresses above all grant you're your hearts desires.

Thanks.

Yours Sincerely

.....
